

## COMMODOPE'S LAST WORDS

It always seems rather sad to see the summer come to a close, especially to these of us who suppy Birch Lake. And it is doubly sad for me an aptierm of office as Councedore comes to a close. Although the duties of a Counciders are extremely time consuming I will admit to enjoying every minute of it. The most rewarding aspect of the office was the contact with the many wonderful people on the lake. At times I must admit it was like hearing confessions, but I think a few of the major and minor problems were duly solved to the benefit of all. I am sure there are still unresolved problems like how flying aircraft, fish that don't tite, and rain on the lith of July Fireworks, but if everything was resolved, what would be left for incoming Commodore Jay Beehler?

And speaking of the Incoming Cormodore, I feel very secure in leaving the office in the very capable hands of Commodore Beehler. Many fines my profession called me away from the lake and I had to call on Jay to fill in in my absence. He was always ready, willing and proved very able. You, the Yacht Club Membership, have made a wise choice in your new officers.

Feggy Cowen, as Secretary, suffered many reversals at my hands, like cancelled directors meetings and quick phone calls to reschedule than in light of fallen trees and broken power lines, the proof reading of the directory and other duties too numerous to mention. Thanks, Peggy, for your help, patience, and understanding.

Our Yacht Club Treasury, under the financial wizardy of Virginia Spratt, has maintained a very even keel. Thanks to Ginny and her prompt payment of necessary bills, we enjoy a top financial priority with tur suppliers, and a very respectable year end balance. We couldn't have done it without you Ginny!

I was quite pleased that both Peggy and Ginny agreed to continue serving as Yacht Club officers for the coming year, and I know that Terry Montague will be a great asset in his capacity as Vice Commodore.

The Oc-Editors of the Birch Barker, Dorothea and Don Coleman, paid Me a very delightful compliment in a recent Barker when they expressed their feeling that I might be qualified to take over the Barker for the coming season. I thank them for their confidence and I would be more than willing to give it a try if business commitments did not warrent sudden and unscheduled departures for undetermined periods of time which would play havoc with deadlines. I will assure you that this problem has been solved and I guarantee that the Birch Barker will find its way to your doorstep each week next Summer. A complete summary of the new editorial staff and management will be included in the first issue of next seasons Birch Barker.

My thanks once again to all of the people who this year brought us the lake news vie the Birch Barker. To Don and Dorothea, Floyd, the artists and copy writers, the newshounds and delivery personnel, and to John Scofield for some very special help in the transportation field to keep the Barker running smoothly, I think I speak for all the lake residents - - - Thank you all!!

Any group of officers is only as good as the people who are behind the scenes to help them. My directors around the lake are the real workers of the organization. Without them, the wheels of progress just could not turn. They were a great bunch and performed a myriad of tasks in favor of the Yacht Club. Thanks fellows, and also thank your wives for me!

I feel very privileged to have been elected to serve as your Commodore, and I feel my association with my cld friends, and the many new acquaintences I have made, made me the overall benefactor. Thank you all and I, as you, will be looking forward to next season.

## INCREASE OF DUES

It was proposed at the annual eigher that dues be increased to \$10.00 next year. This would include \$3.50 for Yacht Club dues, \$3.00 for fireworks, \$1.50 for the Birch Barker and \$2.00 to be deposited separately for a Yacht Club Building Fund, This fund would be used for repairs, refurnish and other building expenses. The consolidating of ell fees will be a great savings of time for the directors. This will be voted on at the spring dinner meeting.

The Shavehead Lake Peninsula Association held a raffle last Sunday to raise money and to promote their association. One of the more unexpected results turned out to be five happy Blackwood children, the winners of the second prize - the Ski Boggan. By the way, the representative from the Association had great things to say about our Birch Barker and the part it played in the support of activities on Birch Lake.

Mrs. Leo Matz of the new Shaveheed Association would like to express her appreciation to the many folks on Birch who participated in this raffle. Someday soon they hope to have the kind of association of which Birch Lake is so proud. Thanks to Mr. States Mest, Cobserve 33, for donating stationary and envelopes to the Firch Lake facht Slub, Correspondence will look so much note official now. It is a fine thing to have.

The Voodland Cove Association met at the home of Mr. and Mrs. A. R. Rieth on Saturday and the following officers were elected for 1972:

## FLASH!!!

Commodore Harlan's flashy sports car is for sale. The sleek 1969 Triumph TR-6 convertible with Michelin-X tires, radio, and tonneau cover has only 23,000 actual miles and is in super condition. Reputed to be the fastest "6" in the area, the dark blue beauty delivers a whopping 25 miles per gallon. The only complaint of the Commodore...it won't hold all of the equipment indigenous to a professional photographer. Therefore, it must be replaced by a larger conveyance, which saddens the Commodore greatly, but facts are facts.

If you're interested, give him a call; on the lake at 476-9714, or in South Bend at his home 272-2904, or his office 283-7350. Or better yet, come over to cottage 50 and have a look, You'll be impressed. Make him an offer. A paid advertisement.
