

BIRCH LAKE YACHT CLUB

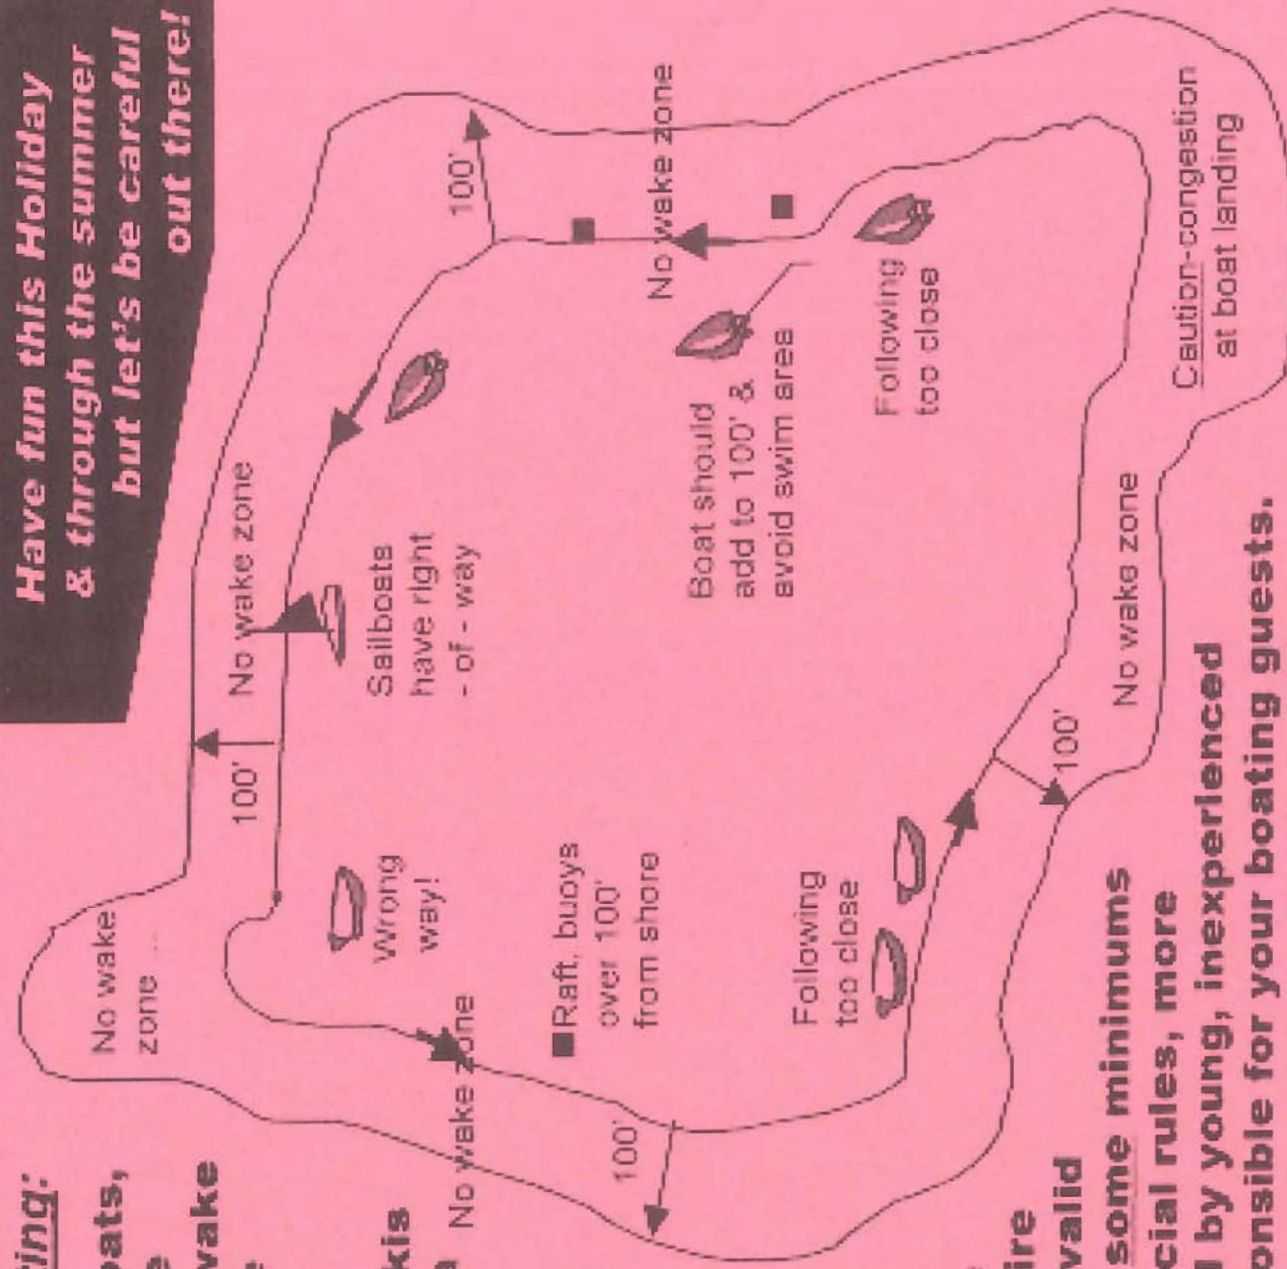

2010 DIRECTORY

Common-Sense Boating:

- * Go slow near other boats, rafts & shore. You are responsible for your wake
- * Take your time & give room - stay 100' from boats, rafts & shore
- * Pulling someone on skis or tube requires extra caution, an observer & add the length of your tow line to the 100' rule
- * Drive only in the counter-clock-wise direction (flow)
- * One wearable USCG life jacket must be available for each person on board! One throwable device, a fire extinguisher, horn & valid boat registration are some minimums
- * PWCs have many special rules, more caution must be used by young, inexperienced drivers. You are responsible for your boating guests.
- * Consult the Cass County Sheriff's Dept. (Marine Div. for Michigan boating laws

Have fun this Holiday & through the summer but let's be careful out there!

History of the Birch Lake Yacht Club

Birch Lake Conservation Club was organized more than a quarter century ago. Monthly meetings were held in various homes. Through the efforts of this early organization Birch Lake was made an experimental lake with a resident conservationist working in cooperation with the Department of Conservation and the University of Michigan. Trout were introduced to the lake but after several years it was found that they were detrimental to the natural fish of the lake, bass, bluegills, perch, etc., and after several years they were discontinued and fishing is GOOD again.

As the population of the lake increased other interests besides fishing developed such as boating and swimming and the name of the club was changed to Birch Lake Community Club. Then sailboats appeared on the scene. The first organized sailboat races were held in 1948. With more powerful outboard motors and better boats, skiing became popular. Some of the first skis were homemade. Rough-sawn ash boards were obtained at the country saw mill, then dressed down to proper thickness and then shaped to skis in a home workshop and some are still in use on the lake.

The name of the organization was next changed to Birch Lake Yacht Club and the clubhouse was built on land donated by the Howards and financed by subscriptions ranging from \$5.00 to \$500.00. With the new clubhouse

Bingo and Dancing became popular. Travel and fishing films were shown. Melon Feasts and Ice Cream Socials were enjoyed by all. Earl Troeger was the first Commodore.

The Birch Barker made its appearance in 1943 with news of who visited who. We charged 10 cents a copy, then advertisement was used to pay for the paper. Three issues were published the first year and each consisted of only a couple of pages. From this modest beginning it has grown to the present weekly with paid advertising covering the cost of publication. The first Annual Birch Lake Dinner was held at the Mishawaka Conservation Club in 1950 with 135 attending.

About 15 years ago the first BLYC Fireworks Display was shown on July 4th and has become an annual event enjoyed by all. Also about the same time the first Boat Parade was held and has become a yearly tradition.

Five years ago a Health and Safety Committee was appointed. BLYC purchased a patrol boat and motor, the County and State furnishing a Marine Patrol Officer, which has greatly contributed to the safety record of Birch Lake. That same year the Safe Boating Course was started at BLYC at the clubhouse and has made good operators of our young people.

Two Years ago the first rummage sale was held at the clubhouse, which helped the finances of BLYC.

The water show put on by the young skiers last year was of Cypress Garden caliber and was enjoyed by all.

This year the original constitution and by-laws of the Birch Lake Conservation Club was amended.

Birch Lake Yacht Club is an excellent club with interests for everyone. LET'S KEEP IT THIS WAY.

Supplements to WILLIAMSVILLE HISTORY, taken from 1974 issues of the Birch Barker

Long ages ago, millions of years in the past, the region where Birch Lake now lies, was deep under a tropical sea.

After the sea receded, the land which emerged was the home of the reptilian and mammal age. Some 2500 years or more ago, great sheets of ice a mile in thickness swept down from the northeast, plowing and gouging the surface land.

Probably primitive man lived here before the ice came. He may have been the FaIson man as FaIson points, believed to have been spear heads have been picked up in Cass County. Shortly after the ice left, man came again, the forefathers of the Indians.

The area around Birch Lake was held by the Potawatomi Indians who were headed by Big Chief Pokagon and under chief Weesaw and Shavehead. While Pokagon was a brilliant man, accepting the white mans ways and teachings, Shavehead was the opposite. He was a large man for an Indian, very ugly and very mean, gaining his name by keeping his head shaved, which did not improve his appearance. Shavehead's winter quarters were around Shavehead Lake, in the summer he migrated to what is now Mottville where there is a fork across the St. Joseph River.

This ford was on the Sauk trail which is now modern US Highway 112. Shavehead would camp at the ford and extract a fee from the white settlers for use of the crossing. It is reported he discontinued this practice only after a young burly settler had taken his ox whip and thrashed Shavehead within an inch of his life.

Shavehead was responsible for the death of many white settlers. He would promise a secure game for the white man but no one ever returned from these hunting trips but Shavehead. Strangely enough Shavehead met his death in the same way. He was at a trading post, which is now Cassopolis, drunk and making his brags about participating in the Fort Dearborn Massacre. He was overheard by a young trapper who lost his wife and child in the debauchery. The young trapper was living on the island in Diamond Lake. He asked Shavehead to go home with him. A shot was heard and Shavehead was never seen again.

The Indians under chief Weesaw, whose winter quarters were in the vicinity of Newton's Woods, joined Chief Shavehead's band in the early spring around Birch Lake, where they bathed in the lake and drank of its waters,

claiming the water had great healing power. It is recorded that Chief Pokagon, who was ill, made the journey from his home near Sumnerville for this purpose.

Settlement in Cass County was very slow; in 1840 the population was only 5,700. Early settlers around Birch Lake were the Harveys, Merritts, and O'Dells.

The decade previous to the Civil War was very exciting in the Birch Lake area. Sections of the land in south Cass County had been purchased by Quakers for the purpose of setting up small farms for runaway slaves and negroes brought up through the underground railroad. Periodically, there would be a raid by southern slave owners to recover their property.

As a pure clean water was known to the Indians, it was destined to be known to the whites. Before there were any cottages, it was a good fishing and hunting lake. The quality of the fish taken from its waters was superb. The scenery magnificent, and as the roads became passable, cottages began to be built on its shore. One of the first, if not the first was the Smith cottage. Today the lake has 225 cottages with a summer population of about 700 people enjoying its sky - blue waters. (In 1974, there were over 400 cottages, population unknown.

EARLY WILLIAMSVILLE (By Floyd Fulmer, taken from the Birch Barker)

We'd like to turn back the pages of history just a few short years and give you a glimpse of Williamsville over a century ago, the earliest records in this township entries of land in 1828 was by John White, (who was probably the first settler in North Porter), John East and Nathan Williams. At this time, Josiah Williams built the great mill just south of the main streets of Main and Mill and it was operated by W.W. Camp. The old mill by the creek played an important part in the history of Williamsville. Many sacks of feed and flour have been ground by the great stone, run by water power coming down the mill race from Birch Lake and the Mill Pond. Austin Searer came here in 1880, bought the mill and ground the feed, made cider and sorghum syrup.

Where Breece's store now stands, was a large brick building, the William Merritt Store. This store has changed hands many times since it was first established back as far as 1869 by Josiah Williams, the gentleman who laid out the village in March 1848, that bears his name. Some of the people who owned it are William Merritt, William Merritt Jr., Fred Jones and present owner Mrs. Gerald Breece. (Lavon

The general store played a very

important part in this community as it was the center of all business transactions in the early days. Part of the time it housed the Post Office, and most of the time the only telephone in the vicinity.

Down on the corner of Main and Mill (Walnut and Williamsville) streets, in the house now owned by Harry Griffith, (Tom's Garage and Welding) was an inn operated by a man named Austin. No doubt many weary travelers spent the night in this haven. Directly across the street was a grocery or general store, as most of them were in those days, operated by Rhuben Weikle, and later Tom White. In the center of the block was a telephone exchange installed by Perry Storey.

Zachary Brown started a barber shop in the same block and operated a feed shop and livery in connection with the barber shop. Other ventures were a saw mill run by Albert Reck and Jerome Cousins, a cabinet and piano shop operated by WII Rhinehart, and cooperage by Hardy McCally.

Amy Richmond had a barber shop and ice cream parlor combination in 1912. Mail was carried at this time by horseback or horse cart. The route running through Williamsville to Vandalia. The carrier was James W, East.

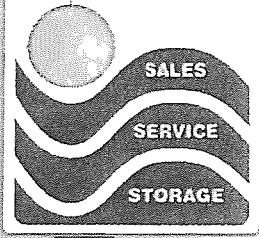

There was a Methodist Church on the northeast corner of pine (Birch Road) on land donated by William R. Merritt. Cost of the church ~as \$5,000. The Friends of Quaker church was built in 1850. These people have left their imprint on this section through the many years.

In 1904 the Birch Lake Embroidery Club was organized with 40 members, holding their meetings in the Tom White store on North Main Street.

The two story brick building on the site of the Breece store was struck by lightening about 1925 and destroyed. Later, the present building was erected to serve the community. Now that Mrs. Breece has closed the doors of the store, Birch Lakers feel a real lose. All the youngsters from 2 to 82 loved to go to Lanky's to shop for goodies. Such great decisions had to be made in front of the big glass candy counter, and Grandpa Purdy was always in the corner with a smile and a cheery word for everyone. Williamsville truly has a proud history.

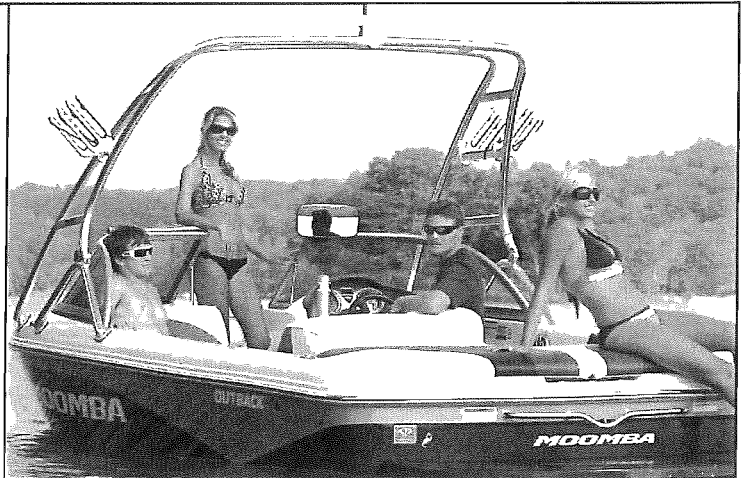

NOTE: 8/31/76 In 1969 Harry Griffith (Tom) opened a garage, welding shop and gasoline station (Tom's Garage and Welding) just north of Breece's store location. Since that time everyone goes to Tom's for their goodies.
