### COMMON SENSE BOATING

- \* No matter what your speed, always travel in a **COUNTER CLOCK-WISE** direction
- \* Go **SLOW** near other boats, rafts and shore. You are responsible for your wake.
- \* Take your time and give room — stay **100'** from shore, other boats and rafts when you are travelling over wake speed
- \* When pulling someone on skis or a tube, you **MUST** have an observer. Watch out for other boats and be sure to add the length of your tow line to the 100' clearance rule
- \* There must be one **USCG-approved LIFE JACKET** for every person on board, as well as one throwable device (seat cushion, etc.), a horn, a fire extinguisher, and a valid registration
- \* **PWCs (Jet Skis)** must stay 100' away from all boats and other PWCs. Jet skis have many special rules — It is your responsibility to know and **OBEY** the laws
- \* Be responsible for everyone on your boat — safety is **NO ACCIDENT!**
